Stipendien für Studierende / Scholarships for students

- **University Summer Course**

For: Bachelor and Master students after one completed study year, A2 German language skills
3-4 weeks language course in Germany
Application: December 1

- **Study Scholarship – Master Studies for All Academic Disciplines**

To complete full Master's degree in Germany, in German or English language
1-2 academic years, covered living costs + allowances
Application: November 15 (~ one year before the start of studies)

- **Study Scholarship – Postgraduate Studies in Fields of Art (Architecture, Fine Art, Design, Film, Visual Communication, Music, Performing Arts)**

To complete a course of extension studies (without gaining a formal degree) or to complete a postgraduate or Master's degree course, in German or English language
1-2 academic years, covered living costs + allowances
Application: September to November depending on the study field, special application papers required

Application for the Scholarship ≠ Application for the University

No admission at the University needed at the time of application for the Scholarship

Different requirements for application documents might apply, e.g. language proof.

Different application deadlines for the Universities (Spring to Summer for the Winter semester)

We can help you with both applications

Research in Germany

Germany is a top destination for PhD students, postdocs, and senior scientists. The website "Research in Germany" helps you to find your way to Germany, to seek for PhD positions, research jobs or funding opportunities. It describes the German research landscape and provides you with contacts to institutions and networks. Welcome to Germany - the Land of Ideas!

GERiT – German Research Institutions

Are you interested in researching or studying in Germany? GERiT – German Research Institutions – provides an overview of 29,000 research institutions in Germany. Here you will find institutional profiles, job vacancies, the doctoral regulations for specific institutions and subject areas, and links to DFG-funded projects.

Green Hydrogen Fellowships

❖ Aim of the programme

- Support and accompany the Strategic Research and Innovation Agenda (SRIA) adopted in 2022 from the "European Green Hydrogen Agenda Process", a pilot initiative of the European Research Area (ERA)
- Qualification of future specialists and young scientists
- Strengthen and establish international cooperation and networks, especially in the ERA
- Enhance interdisciplinarity and innovative capacity, provide substantive research contributions

❖ Programme components

- Mobility support: individual fellowships for research stays and internships (for Master, PhD and PostDocs)
- Professional support and networking measures: Establishment of four working groups

❖ **Mobility support**

- Mobility component includes stays abroad of varying length for **research, studies and internships**
 - For the following university training and career stages: **Master students, PhD students and Postdocs**
 - Applicants from **various scientific disciplines** (natural and engineering sciences, economics and social sciences, logistics and law) whose study or **research focus is clearly related to the topic of "green hydrogen"** and can be assigned to one of the four working groups (production, transport/infrastructure, market stimulation, cross-cutting issues) are eligible to apply
 - Countries included in the programm: **Extended European Research Area** (EU member states, Albania, Armenia, Bosnia and Herzegovina, Faroe Islands, Georgia, Israel, Kosovo, Morocco, Republic of Moldova, Montenegro, Northern Macedonia, Norway, Switzerland, Serbia, Tunisia, Turkey, Ukraine, United Kingdom)
 - Additional funding for further training, conference travel
 - Climate-friendly mobility : CO₂ compensation, Green Mobility Top Up
- More information: <https://www.daad.de/en/study-and-research-in-germany/scholarships/green-hydrogen/>
